

Introduction of the Exhibition Space

Design Festa Gallery is created as an "open space for everyone who wants to express themselves."

Opened in Harajuku, in 1998, it is the main organiser of Asia's largest art festival Design Festa. It holds numerous spaces and has a variety of exhibitions on display every day. This gallery attracts both domestic and international art collectors, vendors, and visitors.

We chose Design Festa Gallery as our exhibition space in hopes for our exhibitors to be seen, and through this exhibition, to generate meaningful discussions relating to the theme.

Address: 3 Chome-20-18 Jingumae, Shibuya City, Tokyo 150-0001
