

Introduction to Exhibition Space

This exhibition will take place in Kogenya Coffee, located in Asagaya, Suginami Ward. The space is located in a neighborhood known for its vibrant atmosphere, away from touristy areas and closely connected to the rhythm of daily Japanese life. Visitors are mostly local residents who come here to read, chat, and relax.

The interior is decorated with wood, earthy colors, and soft lighting. It provides an environment to slow down, to savour food and coffee, and to enjoy a brief moment of leisure surrounded by art.

We chose Kogenya Coffee in hopes that the encounter between the art and people would be more than just appreciation. It would be an extension of life—like holding a cup of coffee while having a conversation with the artwork. Whether the visit is a brief stop or a leisurely stroll, Kogenya Coffee will provide opportunities for artworks to be seen and integrated into daily life.
