

Introduction to Exhibition Space

Gallery HALO is an exhibition space located in Ebisu, Tokyo, Ebisu being a well-established area within the city, bringing together spaces dedicated to food, design, art, and lifestyle, balancing the bustling of the city with relaxation.

The exhibition is held at HALO SPACE01. Its minimalist yet interesting design compliments the atmosphere unique to Ebisu, providing an open, urban setting for the artworks.

We chose this location for the exhibition in hopes of integrating art into the everyday life of Tokyo, fostering a connection between the city, the space, and the artworks, while also offering participating artists opportunities for displaying their artworks and making connections.
